305 Dance Wall

Booking Terms for the Host

DRAFT, version 2026-11-21. Not final. To be reviewed by a Florida lawyer before use. These booking terms come first; the Guest Terms and Photo Consent follow on the next pages.

1. Who signs

The host (the person or company booking the event) signs these Booking Terms and also agrees to the Guest Terms. The host signs for the guests they invite: the host knows who is coming and confirms each guest will agree to the Guest Terms before their photo is taken.

2. Damage

It is the host's party. The host is responsible for loss or damage to our equipment, including the LED wall and any screen, caused by the host or their guests, and pays for repair or replacement.

3. Venue

The event must be indoors; outdoor use is not allowed. The host provides a free wall at least 6 x 9 ft, room for guests to dance in front of it, and 4 standard power outlets near the wall. If the host has their own 6 x 9 ft screen, we can run on it and the quote is lower; if not, we bring and install our LED wall for an added charge.

4. Setup and crew

We send a crew of 1 to 2 people. Setup takes about 3 hours before guests arrive. The host gives us access to the space for setup and teardown.

5. Price

Each quote is custom, based on the number of guests, videos per guest, and whether we bring the wall. There is no minimum or maximum guest count, but every booking has a minimum fee to come out.

6. Children

Children under 18 take part only after a parent or guardian signs in and opts in to the AI videos. The parent can do this in person or remotely before the event. With that opt-in, the child's clip plays on the wall during the party. The video files are sent only to that parent or guardian.

7. Delivery and deletion

Each guest's videos are sent by email. We delete guest photos and videos 30 days after the event. Guests can opt out at any time.

8. Insurance

305 Dance Wall carries liability insurance. Details are available on request.

9. Changes to the Guest Terms

Where the attached Guest Terms differ from sections 6 and 7 above, sections 6 and 7 apply. In particular, photos and videos are deleted after 30 days.

Guest Terms and Photo Consent

Sample for review. Draft wording, version 2026-11-15, to be checked by a Florida lawyer before use. Under this page's brand, the company named below will change to match.

1. What this is
You give us photos so our AI software can create short dance videos ("Clips"). Clips are shown on the party wall and sent to the email you give.

2. Who can agree
You confirm you are 18 or older. If the guest is under 18, only a parent or legal guardian can agree, and they confirm they have the authority to do so. A host who signs guests in confirms the same.

3. License
You give us a non-exclusive, royalty-free permission to use the photos and Clips to make and show Clips at this event, send them to the email given, and keep a record of this consent. Photos and Clips are kept only as long as needed for the event and its follow-up, and are deleted on request.

4. No approval first, no payment
Videos are made automatically. The guest (or their parent or guardian) does not get to approve a video before it is made or shown, except that we hold every video of a guest under 18 until one of our people has checked it. No payment is owed to the guest or parent for photos or Clips.

5. AI results are not guaranteed
Clips are made by AI. They may not look like the guest, may change how the guest looks (including apparent gender, age, body or clothing), may be unflattering, or may contain mistakes. We take reasonable steps to keep results suitable, such as a person approving kids' Clips and modest kids' outfits, but we cannot promise a result you will like.

6. Removal
Tell any staff member, or write to us, and we will stop showing and delete the guest's Clips and photos. We aim to do this within 48 hours. We cannot remove copies already downloaded or shared by others.

7. Service providers
To make Clips we send photos to AI, email and storage providers who process them for us. Some may be outside the United States.

8. Limits
The service is provided as is. To the fullest extent the law allows, the company is not liable for embarrassment, disappointment or indirect harm from a Clip. The guest, and the parent or guardian for a guest under 18, release the company and its owners from claims for embarrassment, disappointment, or the way a Clip looks, including a Clip that changes the guest's apparent gender,

age, body or clothing, except for claims that cannot be released by law, such as intentional wrongdoing.

9. Your responsibility
Only submit the photo of the person signing in, or of someone you have authority to sign in. If you sign in someone else, or a child, you are responsible for having their or their guardian's agreement.

10. Emails
Clip emails may include a short note about our service. Use the link or reply in any email to stop notes.

11. Privacy
We collect the photos, name, email and age group for the purposes above. Write to us to see, correct or delete your information.

12. Law
The laws of the State of Florida and United States federal law apply. Rights that cannot be waived by law stay.

Common questions

Why does everyone have to sign?
We use each person's photo to make their clips and show them on the wall. Signing is how guests give us permission, and it is the record that they did.

When do guests sign?
At the sign-in tablet, before their photo is taken. For kids, a parent signs at the tablet or online ahead of time with a link we send the host.

What if a guest does not want to sign?
They can still enjoy the wall. We do not take their photo, and nothing is made of them.

Who signs for a child?
Only a parent or legal guardian. A host who signs kids in confirms they have the parents' agreement.

Can a guest ask us to remove their clips?
Yes. Tell any staff member or write to us and we aim to remove them within 48 hours.

Who sees the clips?
The guest, the host and the wall at the event. We do not use a guest's clip in our own promotion without separate permission.
